

"The Good, The Bad, and The Ugly" Side Match

Story Line: You've teamed up with Tuco to swindle the honest folks out of their bounty money. The plan is to turn Tuco over to the Sheriff, then rescue him from the noose. Then travel to the next town, where you will surrender him to the local Sheriff for another reward, maybe next time it will be more!

As you wait for the sentence to be carried out, you can hear the town Sheriff read off the list of crimes your partner has 'allegedly' committed.

"Wanted in 14 counties of this State.

The condemned is found guilty of the crimes of murder, armed robbery of citizens, state banks, and post offices. The theft of sacred objects, arson in a state prison, perjury, bigamy, deserting his wife and children, inciting prostitution, kidnapping, extortion, receiving stolen goods, selling stolen goods. Passing counterfeit money, and contrary to the laws of this state, the condemned is guilty of using marked cards and loaded dice. Therefore, according to the powers invested in us, we sentence the accused, here before us; Tuco Benedicto Pacifico Juan Maria Ramirez, and any other aliases he might have. To hang from the neck until dead! May God have mercy on his soul. Proceed."

At that moment the Deputy whips the horse out from under Tuco, and you spring into action. You shoot the rope, Tuco drops to the ground. You then shoot the hats off the bewildered townsfolk to cause a distraction as Tuco runs after the frightened horse. Once Tuco is safely out of town you make your getaway out the back door of the livery stable.
